

Aetna Participating Provider Precertification List

Effective May 1, 2012

Applies to: Aetna Choice[®] POS, Aetna Choice[®] POS II, Aetna MedicareSM Plan (PPO), Aetna MedicareSM Plan (HMO), all Aetna HealthFund[®] products, Aetna Health Network OnlySM, Aetna Health Network OptionSM, Aetna Open Access[®] Elect Choice[®], Aetna Open Access[®] HMO, Aetna Open Access[®] Managed Choice[®], Open Access Aetna SelectSM, Elect Choice[®], HMO, Managed Choice[®] POS, Open Choice[®], Quality Point-of-Service[®] (QPOS[®]), Choose and SaveSM, Savings Plus, and Aetna SelectSM benefits plans and all products that may include the Aexcel[®] networks and include the designation Aexcel or Aexcel Plus*

Precertification** and notification are the process of collecting information before elective inpatient admissions and/or selected ambulatory procedures and services take place. Therefore, requests for precertification and notification must be received before rendering services. Failure to contact Aetna for precertification will relieve Aetna or employers and members from any financial liability for the applicable service(s), if those services are rendered.

1. Inpatient confinements

- Surgical and non-surgical — Including vaginal or cesarean deliveries excluding routine delivery***
- Skilled nursing facility
- Rehabilitation facility
- Inpatient hospice (except Medicare)

2. Reconstructive or other procedures that may be considered cosmetic

- Blepharoplasty/canthopexy/canthoplasty
- Breast reconstruction/breast enlargement
- Breast reduction/mammoplasty
- Cervicoplasty
- Chemical peels
- Excision of excessive skin due to weight loss
- Gastroplasty/gastric bypass
- Injection of filling material
- Lipectomy or excess fat removal
- Sclerotherapy or surgery for varicose veins

3. Artificial intervertebral disc surgery

4. Lumbar spinal fusion surgery

5. Uvulopalatopharyngoplasty, including laser-assisted procedures

6. Orthognathic surgery procedures, bone grafts, osteotomies and surgical management of the temporomandibular joint

*Not all plans are offered in all service areas. Precertification is required when Aetna is secondary payer.

**The term precertification here means the utilization review process to determine whether the requested service, procedure, prescription drug, or medical device meets the company's clinical criteria for coverage. It does not mean precertification as defined by Texas law, as a reliable representation of payment of care or services to fully insured HMO and PPO members. Notifications are not subject to clinical review.

***A total length of stay of 3 days or less for vaginal deliveries. A total length of stay of 5 days or less for a cesarean section.

7. Dental implants and oral appliances

8. Ambulance

- Air ambulance transfers
- Elective (non-emergent) transportation by ground ambulance or medical van for Medicare Advantage plan members only

9. Outpatient surgical scopes

This is a notification program. Our intent is to provide members with alternative, more cost-effective locations where their physician has privileges. Medicare plan members are currently excluded from this program.
